

# Access Planner

## MAXIMIZES PRODUCTIVITY & COST SAVINGS

Rope Access & Industrial Services (RAIS) is a **proven method** for reducing cost and schedule while increasing safety on industrial sites. An access planner works closely with client planners to review all work at heights and recommend cost effective alternatives. Since 2016 Acuren's RAIS access planners have been working closely with client planning teams to maximize the value from RAIS, saving our clients 10s of millions from reduced scaffolding and project management costs.

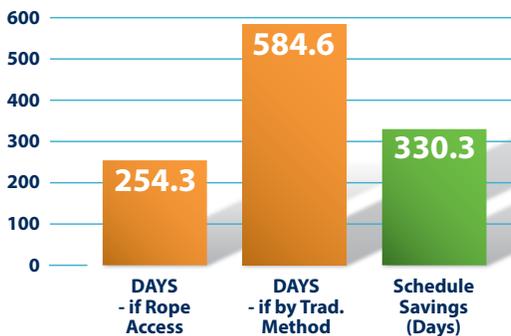

On average, RAIS planners have successfully resulted in a **56% reduction in schedule and cost savings of 63%.**

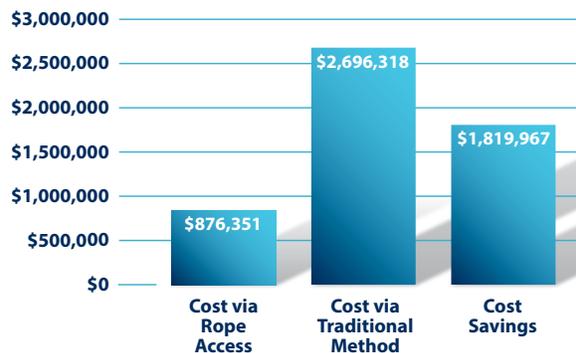

### COST AND SCHEDULE SAVINGS

Acuren has a proven track record of delivering rope access integrated services saving our clients; \$10's of millions of dollars, months off their schedule, and improving safety performance.
