RE: QUALITY MANAGEMENT SYSTEM AUTHORIZATION
REF#: 2760 (QMS - 0095)

Dear Sir/Madame:

Thank you for submitting your Quality Management System for review and authorization. After a successful manual review and program audit, your manual is authorized for use within the Province of Saskatchewan. Included with this letter is your new Certificate of Authorization, please ensure a copy of it is included in all controlled manuals.

To formally implement or continue to implement your program please return to TSASK your company Letter of Implementation. The letter of Implementation is a one-time report notifying the Technical Safety Authority that the QMS program was in fact implemented. The contents of this letter shall include a statement of implementation and a date of implementation, as well as the Name, Class, and License Number of the Designated Pressure Equipment Inspector (company Chief Inspector), or the Name of the Designated Inspection Company.

At all times the Chief Inspector for Saskatchewan shall be accurately informed of who the Designated Pressure Equipment Inspectors are for your QMS program. The QMS holder shall notify the Chief Inspector immediately if the designation of a Pressure Equipment Inspector is terminated or a new designation is made.

QMS holders are not exempt from having to obtain a Licence to Operate for each piece of pressure equipment they operate. Before a Licence to Operate for a particular piece of pressure equipment can be issued, all required inspections must be performed. Thus, all inspections performed under a QMS program must be reported to avoid complications with licence renewal. The intent is for TSASK to receive reports of QMS inspections in May and November of each year. TSASK has developed TSK-2016 QMS Inspection Reporting spreadsheet to assist QMS holders in reporting their inspections.

If you require any further assistance, please do not hesitate to contact the undersigned. Please make reference to the above reference number on all correspondence.

Yours truly,

A handwritten signature in blue ink, appearing to read 'Yimin Song'.
